Q.7 Ný rammalína frá Berker

B.
Berker by :hager

Berker Q.7 gefur rýminu persónuleika. Með Q.7-römmum opnast nýjar viddir sem ekki voru áður í boði fyrir Q-rofalinuna. Mögulegt er að blanda litum og gerðum saman til að fá fjölda mismunandi samsetninga. Berker Q.7-rammar eru í boði úr áli, ryðfríu stáli, hvítu eða svörtu gleri, náttúrusteini og sjónsteypu. Miðjur eru í boði í hvítu, svörtu og állit. Með því að blanda saman ólíkum römmum og miðjum, fæst fjöldi möguleika þar sem allir ættu að finna rétta samsetningu fyrir sig.
